2. The SPA-DD/S requested that the various programs be reviewed to determine whether or not they contained any unusual logistic requirements, and that telephonic confirmation would be satisfactory with respect to those programs which the Office of Logistics could adequately support. Those programs which presented unusual logistic requirements would be commented on in writing, outlining the problem areas.

3. The logistics or support officers for the above divisions were contacted, and without exception, advised that they were not aware of any unusual logistic support requirements contained in their respective programs.

4. The SPA-DD/S was notified, on the date indicated in paragraph 1 above, that the Office of Logistics generally confirms its capability to provide the required logistic support to each of the above listed divisions.
